Gladiolus Classification

The classification system helps to visualize the size and color of the various varieties. For instance: White Cloud (500) means that it is a 5½ inch white without markings. White Tower (501) is a 5½ inch white with a prominent throat mark or blotch. TOYTOWN (236) means it is a 2½ inch scarlet. WHITE SATIN (100) means it is a pure white under 2½ inches across.

Glad's Are Classified in 5 Size Series as Follows:

MINIATURES	(100 series) florets smaller than 2½ inches.
SMALL	(200 series) florets 2½ to 3¼ inches
MEDIUM	(300 series) florets 3¼ to 4¾ inches.
LARGE	(400 series) florets 4½ to 5¾ inches.
GIANT	(500 series) florets 5½ inches and above.

Cultural Hints

When your bulbs arrive unpack them immediately and store in an airy cool place until planting time. The earliest planting usually produces the finest spikes because they bloom before the hot dry season. To have bloom all season, bulbs must be planted at two week intervals, the last planting about mid June. Before planting, all bulbs should be soaked 3 hours in a LYSOL solution, 1 tablespoon LYSOL to 1 gallon water. Plant the soaked bulbs the same day. The LYSOL will kill possible thrip on the bulbs and keep the bulbs healthy.

Most exhibitors have their own pet growing system to produce show spikes. We tried various methods but had good results when no fertilizer was used at planting time but giving the plants, when 1½ ft. high, a side dressing of VIGORO. The idea is to force the bulb to make a large root system, so that when fertilizer is applied, the plant can make use of it and build a long flowerhead. Applying fertilizer too early makes large plants with often short flower heads. When the flower spikes start showing they need an inch of water a week, to produce good flower heads. Good spikes cannot be grown without enough water.

THRIP! When the plants are 6" high, they should be dusted with 5% DDT, or sprayed with a 50% wetttable DDT solution; do this every week up to blooming time. Thrip are tiny insects, which can do much damage unless controlled by dusting or spraying regularly. If glads fail to open properly, or are disfigured, blame thrip. Unfortunately, by blooming time the harm is done and it is too late to do much about it, so protect your plants in time. Thrip are easily controlled if dusted or sprayed in time.

Discounts

We allow a discount of 5% on retail orders totaling \$5.00 to \$10.00. 10% on retail orders of \$10.00 to \$50.00 and 15% on retail orders over \$50.00.

This is NOT a cash discount, but a discount in glad bulbs of your choice. Write out your order, figure the discount you are entitled to and add the discount bulbs to your list.

This discount applies to glad bulbs only and does NOT apply to items marked (No Discount) or to wholesale orders. "No Discount" items cannot be used as extras or free discount bulbs.

Besides the bulbs you select for your discount, we include (SURPRISE EXTRAS) in every order, the larger the order the more extras.

Premium Bulbs

In addition to your discount bulbs and extras for trial, we will include with every \$5.00 retail order, a bulb of SILVER SPRAY, a new ruffled pure white or RUFFLED MARVEL, a new ruffled salmon pink. Two bulbs with a \$10.00 order, etc.

Order Early

Although we have a large assortment at the start of the season, with so many varieties, we are bound to run out of some, late in the season. ORDERS ARE FILLED IN ORDER OF BOOKING.

**SHIPPING COSTS HAVE INCREASED TO SUCH AN EXTENT
THAT WE LOSE MONEY ON ORDERS UNDER \$2.00.**

ALPHABETICAL INDEX OF VARIETIES ON PAGES 28 AND 29.

Size Of Bulbs

Bulbs are graded into 6 standard sizes, from No. 1 to No. 6.

No. 1 size are 1½" and up in diameter.

No. 2 " " 1¼ to 1½" in diameter.

No. 3 " " 1 to 1¼" in diameter.

No. 4 " " ¾ to 1" in diameter.

No. 5 " " ½ to ¾" in diameter.

No. 6 " " below ½" in diameter.

To many beginners who have seen the huge overgrown bulbs in chain stores, STANDARD MEDIUM size bulbs look very small. The huge chain store bulbs are NOT THE BEST. In fact they are often old worn out bulbs, the growers don't want to plant themselves, so sell them at a discount to the chains.

NO. 1 AND NO. 2 SIZE BULBS ARE (L) LARGE BULBS

NO. 3 AND NO. 4 SIZE BULBS ARE (M) MEDIUM BULBS

All American Gladiolus

APPLEBLOSSOM (460) (Beauty's Blush X Rose Charm). Delicate blush white with a corona or flushing of rose pink on petal edges. Opens 6 to 8 bloom on 5 ft. spikes. Blooms early and is an easy grower. A good outflower.

CARIBBEAN (376) (Beauty's Blush X Better Times). Ruffled violet blue with a deep violet throat and a cream spear. Opens 9 perfectly placed florets on tall well proportioned spikes. Excellent performer and healthy.

MAYTIME (442) (Beauty's Blush X Friendship). Ruffled pure pink with contrasting large white throat. Opens 8 to 10 florets on 5½ ft. spikes. Maytime has good plant habits. An ideal flower for cutting and exhibition.

ROYAL STEWART (450) (Red Charm X Seedling). A perfectly proportioned flowerhead with 10 beautifully formed, bright red florets open at a time and 6 buds in color on a 20 bud head on tall plants. A good show flower.

APPLE BLOSSOM, CARIBBEAN, MAYTIME, ROYAL STEWART, 50c Each.
6 for \$2.50 your selection. 1 each of the 4 above for \$1.75. (No discount).

Congo

(554 Lins 1956)

CONGO is a giant wide open, heavy textured maroon black, which we believe is the best in it's color and class. Opens 8 5½ to 6" tightly attached, always perfectly placed, wide open bloom, with 8 buds in color on a 23 bud flower head on strong non-crooking plants. Has the qualities of a good show flower.

Last spring, at the close of the shipping season, there was so little Congo left, that we felt certain we could not list it in 1957, however, the bts. grew well and rather than not list it at all, we will sell a limited amount. All who had this last year and those who buy it this year are urged to save Congo bts. and grow these gems into bulbs, so stock is increased as rapidly as possible. Large bulbs are in limited supply. Most of the stock consists of small and medium bulbs.

Any size bulb \$3.00

Hit Parade

(368 Lins 1957)

Parentage: Wedgwood X Eliz. The Queen X Crystal X Myrna.

When this bloomed the first time as a seedling, with 8 ruffled lavender florets open on a good plant, it was regarded worthy of highest rating.

After testing it 6 years under all conditions and getting the professional opinion of other growers who tested it, all agree it is destined to be one of the leading lavenders, in fact we believe it will become a leading outflower. For arrangements it beats all other lavenders we grew in our 30 years of glad growing.

- ★ It blooms early.
- ★ All spikes are perfect and of uniform height.
- ★ Color is non-flecking medium deep lavender with clean lighter throat.
- ★ Florets are beautifully formed and ruffled.
- ★ Placement and attachment perfect.
- ★ Bulb production heavy.
- ★ 4-Foot stems are thin but strong, stand up in all weather.
- ★ Non-crooking cuttable spikes from all size bulbs.

Because HIT PARADE is a tremendous propagator, we are able to introduce it at a low price.

Any size bulb \$1.00, 3 for \$2.50

FAR EAST

attached wide open florets on 18 to 19 bud heads, on 4 ft. straight plants. Is a heavy propagator. Has received excellent rating in NAGC Trials.

L 50c; M 35c, 10 for \$2.50; S 15c, 10 for \$1.20; Bts. 10 for 50c, 100 for \$4.00

Far East

(410 Lins 1957)

Parentage (White Tower X Spotlight)

A large ruffled and waved chartreuse yellow with a small bright scarlet throat spot. Opens 7 to 8, wide open, well attached and well placed heavy textured florets on 4 ft. non-crooking spikes. Growers testing it, reported exhibition spikes. FAR EAST is one of those bright, cheerful varieties, which will cheer up any place.

Any size bulb \$2.00; 1 bulb and 10 Bts. \$4.00

Sweetest Maid

(430 Lins 1955)

Parentage: (Eliz. The Queen X California X Aladdin)

Extremely ruffled, flat, wide open, delicate light salmon pink. Easily opens 8 perfectly placed and well attached, flat, wide open florets on 18 to 20 bud flower heads on 50" plants. Rated excellent in N. J. Superior in Mich. Excellent in Wash. in official NAGC trials. Has brought in glowing comments from people who grew it. Easily one of the most beautiful varieties in existence.

L 50c, 5 for \$2.00; M 35c, 5 for \$1.40; S 20c, 5 for 80c; Bts. 10 for 50c, 100 for \$4.00.

Sable

(370 Lins 1955)

Parentage: (Royal Robes X Burma)

Beautifully glowing, glowing deep purple. The substance of the very ruffled florets gives the impression they are carved of purple wax or plastic. Should be a contender for high show honors because it opens 8 perfectly placed and

honor because it opens 8 perfectly placed and

Gretchen

(206 Lins 1956)

Parentage: (Wedgwood X Eliz. The Queen X Crystal X Myrna)

Small heavy textured, ruffled greenish cream, blending to pale green deep in the throat. Blooms early on 3 ft. slender plants. A wonderful arrangement flower. This being such a fast propagator, our stock allows listing it at a popular price.

L 30c, 10 for \$2.40; M 20c, 10 for \$1.60

White Orchid

(400 Lins 1957)

Parentage: (Eliz. The Queen X Treasure Island)

The floret form and general appearance suggested it's name. The large pure white floret is formed and resembles a large white orchid. Was Champion seedling at the Minnesota State Fair a few years ago. Blooms quite early on thin stemmed, good height plants. **L 50c; M 35c.**

Oriental Blond

(306 Lins 1957)

Parentage: (Blondie X Oriental Pearl)

Ruffled and waved cream. Plants are tall and straight with 18 bud flower heads, opening 6 to 8 always perfectly placed, wide open ruffled, heavy textured bloom. We had this in our test garden last summer, planted at the same time and in the same row with Lorelie. Under identical conditions ORIENTAL BLOND was as tall as the tallest Lorelie, 55 inches. L 50c; M 35c.

Irresistable

(366 Lins 1957)

Parentage: (Wedgwood X Eliz. The Queen X Crystal X Myrna)

A very beautiful, ruffled, waxy, wide open clear lavender. Don't buy this for exhibition, where beauty is often ignored and awards made according to bud count and measurements. This is one of those beauties, worth growing for personal enjoyment. Florets are larger than those of Wedgwood. There are only around 14 to 16 buds and the plants are not tall, but what a beautiful flower. After all it's the flower we enjoy, not the stem. 1 Large and two medium bulbs for \$1.00.

Sumatra

(354 Lins 1957)

Seedling No. 465 TRR (Burma X Royal Robes)

Very ruffled velvety, heavy textured black red. We grew this under No. 465TRR, T R R stood for TALLER ROYAL ROBES. We occasionally included a bulb of this under No. 465TRR, as an extra or premium bulb. A considerable number obviously liked it well enough to write, asking when No. 465TRR would be named and introduced. We now have enough bulbs to introduce this at a popular price. Those who like ruffled velvety dark glads will like SUMATRA. Opens 5 to 6 four inch bloom on a 4 ft. plant. Bulblet production and germination is good. Any size bulbs 35c, 4 for \$1.00.

Dream Queen

(432 Lins)

Parentage: (Eliz. The Queen X Dream Castle)

Beautiful warm deep salmon rosy pink, delicately stippled rose lavender in the throat. Opens 8 5" wide open, perfectly placed bloom on 18 or more bud flower heads on 50" straight plants. We have good reports on Dream Queen. Some wrote our descriptions are too modest. The color is very rich and it's plant habits are excellent. Good in every way. L 35c; M 25c; S 15c; Bts| 5 for 25c, 100 for \$3.00.

Precious

(210 Lins 1956)

Open, nonhooded, ruffled light yellow florets with deeper yellow lower petal and with pure white stamens. The color combination expresses purity and serenity. We don't claim this to be perfect. There are some spikes with misplaced florets, some are not tall, some are larger than 210 and some spikes are perfect, in every way. Nevertheless, because the bloom is of such a sweet serene color and form, all are precious and grand for arrangements.

By far, most glads are grown, not for exhibition, but for HOME ENJOYMENT in bouquets and especially in arrangements. L 50c; M 35c; Bts. 4 for 25c.

Erin

(490 Pruitt)

Here is a real novelty, a chartreuse green glad. Not grass green of course, but greener than "CHARTREUSE" would indicate. Has a slight smoky pink feather in the throat. Grows 54" tall and opens 6 5" well placed bloom on 16 to 18 bud flower heads. Erin is the "greenest" of the large flowered glads so far.

Since many glad fans are making crosses, Erin is suggested for the breeding program, toward the production of "green glads" of the future.

L \$1.00; M 75c; Bts. 2 for 25c, 10 for \$1.00

Bird Of Paradise

(506 Sommers-Koerner)

Still the grandest novelty up to now and will be until some of it's seedlings get around. The giant creamy apricot pink bloom, up to 8" across, is formed like a Christmas Poinsettia, with all petals of about equal size. The heavy textured, long narrow petals are ruffled and lacinated. A raised red spot in the heart of the flat open bloom, looks as if red wax had been dropped in, adds a focal point to the flower. The 4 ft. plants produce 10 to 14 of these giant exotic florets. Florists like it as it is good for corsages and arrangements. It's pollen used on other varieties has produced some interesting new type seedlings. L 75c; M 50c; S 35c.

Doerr's New Gladiolus

"Exotic Hybrids"

Not just another glad with probably a different color but an entirely new race for home use and floral work. These new hybrids were developed with only one purpose in mind. More flowers to be used by more people in the home and daily lives.

Most EXOTIC HYBRIDS have double florets. Florets with up to 25 petals are not uncommon, giving a fullness to floral work, no other glad can equal.

At the International show, Madison, Wisconsin, last summer, Doerr's commercial exhibit of EXOTIC HYBRIDS, was the focal point of the show and was awarded the top award.

KOERNER'S MEMORY (Doerr) Beautiful 4" florets, varying in color from salmon on the outer petals to pink and cream inside. A peaches and cream blend. Has up to 18 petals per floret.

SISTER ELIZABETH KENNY (Doerr) Eight or more long lacy petals in creamy white blending to green inside. Ten of these 3" beauties on a thin stemmed 16-inch plant.

ORCHID DRIFTWOOD (Doerr) Imagine a "double" Wedgwood and you have the general picture of this. Twelve 3" oddly shaped florets on a 16" spike. Each floret has 12 petals, in orchid, lavender and cream.

ARTHUR C. KOERNER (Doerr) A beautiful red with up to 18 petals per floret. Twelve 3" florets on an 18" spike.

Any of the above Doerr's Exotic Hybrids, any size

Testimonials

Last year received your TREASURE CHEST. Can't begin to tell you the happiness and excitement they gave us. Thank you. Mrs. C. L. Batchelder, Conn.

SWEETEST MAID from a No. 4 bulb made a magnificent spike in all the heat last summer. The ruffled form was simply beautiful. Eight open on a perfectly straight spike. It was one of my two best spikes last year. Dr. F. J. Knocke, N. J.

Your ROBINSON CRUSOE, in my garden last year was out of this world and I must have more. I had one that measured nearly 5" across, kept it in the refrigerator a long time to show my friends. Mrs. C. M. Wright, Arkansas.

Dragons and Novelties

- COOPERII** (290). One of the rare species. Tall, thin stemmed plants. The color of the bloom is greenish tan. Bend the top petal of the bloom back and you have something quite different for arrangements, not to be had in other glads. One of the interesting "wild glads." **Large 50c, Medium 40c.**
- CORSAGE** (361 Knight) Interesting and useful corsage or arrangement flower. The 3½ to 4 inch flowers are composed of long narrow petals which are lacinated, ruffled and curled and of extra heavy substance, therefore last a long time out of water. Color is creamy pink, blending rose towards edges. **L 35c; M 25c; Small 2 for 20c; Bts. 10 for 25c.**
- DINOSAUR** (550 Gosling) This dragon is variable, ranging from large sprawling blossoms to spurred doubling florets, in a bright rose scarlet salmon blend. Our observation shows that most blossoms have more than 6 petals. **Large 35c, Medium 25c.**
- FAIRY GIANT** (560 Gosling) Originator's description: A seedling of Fairy Dragon and White Dragon. The giant of the dragons. 6-8 huge florets, feathered pink on lavender base, with spurs like needles pointing backward and 4-5 extruded bristling buds in color." Our own observation is that like most DRAGONS this is variable, some blossoms have more spurs than others. This is a fast propagator, therefore can offer at reduced price. **Large \$1.00, Medium 75c, Small 30c, Bts. 5-50c**
- FANTASY** (430 Rich) Regular height plants with long flower heads, bearing beautiful curled, ruffled and spurred florets of heavy substance. Color is a fine salmon and light green blend. **Medium 30c**
- G. DRACOCEPHALUS** (290 Species) One of the original "wild glads." Tall willowy plants, bearing green flowers. Right now green glads are in great demand. Will ship largest bulbs to earliest orders. **Medium 50c, Small 50c**
- MULTIPETAL** (Koerner) This is the pollen parent of DOERR'S famous EXOTIC HYBRIDS. Since most glad fans are growing seedlings, many will want to try their luck for "DOUBLES" and NEW TYPES. Get some bulbs of MULTIPETAL, also some BIRD OF PARADISE, use their pollen on your pets among the regular glads. Multipetal is a creamy white with a great number of petals. **L 50c; M 35c; S 2 for 35c**
- PELLETIER D'OISY** (290 Lemoine) Green, stippled orange. Green glads are in demand and this is certainly green. Fine for corsages and arrangements. **Mixed sizes 2-50c**
- PINK SPURS** (490 Gosling) An interesting dragon with mottled spurred buds, opening to pink, blotched chocolate blossoms. Most bloom have large spurs. **Large 35c, Medium 30c**
- SHAGGY DRAGON** (532 Gosling) This dragon is salmon orange, flushed deeper toward petal edges. Some bloom are double, some spurred. All are interesting and useful in arrangements. **Large 30c, Medium 25c, Small 2/25, 10 for \$1.00**
- WEDDING DAY** (Koerner) When hundreds of Wedding Day were in bloom last summer, we noticed many types and forms among them. Some types were spurred, some had long narrow, sharply lacinated petals, some were cupshaped. Its petals are about all equal size. There are many, looking for something especially nice for arrangements. Make your own selections when they bloom, save the bulblets in fall and grow your own selections. These beautifully formed blossoms will give your arrangements that artistic touch. Nothing just like Wedding Day. **Blooming size bulbs, mixed sizes 10 for \$1.00**
- WHITE DRAGON** (300 Gosling) Globular, creased and crinkled florets of heavy texture, in ivory white with a pink dot deep in the throat. The complex spurs of the clustered bloom give an appearance of doubleness. **Medium 40c, Small 20c, Bts. 5 for 25c**

Miniature and Small Glads

- ALECIA** (200 MacPhail) Tall slender plants. Round 2½ inch pure white florets with pure white stamens. The florets, which are not hooded, lie flat against the stem. **Large 40c, Medium 30c, Bts. 8 for 25c**
- ATOM** (236 Hedgecock) The most popular red miniature. Petal edges are bordered white. For corsages and arrangements. **Mixed sizes 2 for 25c, 10 for \$1.00**
- BAMBI** (290 Pierce) This is one of the greenest glads we know of. As it grows here the color is deep green, blending lighter inside. The bloom is also ruffled, which brings it right up-to-date. **Medium \$1.00, Small 50c, Bts. 5 for 50c**
- BLONDIE** (306 Lins) Ruffled cream florets on tall slender stems. **Medium 3 for 25c**
- BONNIE PRINCE** (262 Barker) Best deep rose pink ruffled miniature. Not many good ones in this color. Good slender plants, opening 6-7 with more buds in color. Has won many prizes. If you like deep rose pink, you will like BONNIE PRINCE. **Large 35c, Medium 25c, Small 2 for 25c, Bts. 10 for 25c**
- BO PEEP** (231 Butt) One of the loveliest miniatures. Ruffled rich light salmon with delicate gloxinia peppered throat. Fine plants and an easy grower. **Large 2 for 25c, 10 for \$1.00; Medium, 3 for 25c, 10 for 65c; Small, 10 for 35c**
- COLOGNE** (344 Roberts) Fragrant deep scarlet pink. Tall slender plants. **Medium 30c**
- CRINKLETTE** (224 Butt) Early blooming ruffled orange pink. Is the parent of Butt's famous miniatures. **Large 2 for 25c, Medium 3 for 25c, Small 5 for 25c**
- CRUSADER** (301 Fischer) Early ruffled white with purple blotch. **Large 25c, Medium 20c**
- DRESDEN** (210 Butt) Delightful clean ruffed light yellow. Gold Medal winner. **Large 25c**
- FLASHLIGHT** (237 Roberts) Scarlet with large clean cut yellow center, which covers most of the lower half of the florets. Ruffled and makes good plants. **Large 35c, Small 2 for 30c, Bts. 10 for 20c**
- GAILY CLAD** (211 Hardy) Early, ruffled yellow with flashy red blotch. **Large 2 for 25c, Medium 3 for 25c, Small 5 for 25c, Bts. 25 for 25c**
- GOBLIN** (242 Butt) This is one of Butt's newer miniatures. Has tall slender stems, blooms early. The ruffled bloom is salmon pink and yellow with green deep in throat. **Large 25c, 5 for \$1.00; Med. 20c, 5 for 80c; Sm. 2/20c, 10/75c; Bts. 25-35c, 100-\$1.00**
- GOLDETTE** (212 Butt) This is the best ruffled yellow genuine miniature. Stems are thin and of good height. Opens 8-10, always well placed florets on 20 bud flower heads. Should easily win at the shows and is an excellent arrangement flower. **Large 60c, 5-\$2.00; Medium 40c, 5-\$1.50 Small 20c, 10-\$1.50; Bts. 10-40c, 100-\$2.50**
- GREMLIN** (251 Butt) Ruffled rosy red with a deeper blotch, bordered cream. **Medium 2 for 25c, Small 10 for 50c**
- IMPROVED LACINATUS** (Kundred) An improvement on the original LACINATUS, which was introduced at \$1,000.00 per bulb. The rose pink, narrow petals are sharply lacinated. For corsages and arrangements. **Medium 25c, 5 for \$1.00; Small 2 for 25c**
- JINGLES** (230 Lins) Waxy, ruffled and needlepointed rich salmon pink with white heart. Excellent arrangement miniature. Has been awarded section Champion award many times. **Large 25c, Medium 20c**
- LITTLE GOLD** (220 Fischer) We never get tired of the beautiful deep yellow color of LITTLE GOLD. Very pretty. **Large 2 for 30c, Medium 3 for 30c**

MINIATURE AND SMALL GLADS (continued)—

MARIONETTE (213 Butt) One of the eye catching miniatures. Wide open ruffled yellow with lower petals blotched rosy brown. Builds a good spike for a miniature. **Large 25c, Medium 20c**

MELODIE (331 K & M) Excellent new small glad from Pfitzer. Rich warm pink with brilliant velvet scarlet blotches on 3 lower petals. Floret form, substance, etc., are all good. **Medium 35c, Small 20c, Bts. 5 for 30c**

OBERBEYERN (379 K & M) Tall thin stemmed blue with white throat. **Large 2 for 30c, Medium 2 for 20c**

PIROUETTE (282 Butt) Ruffled deep salmon with gloxinia stippled throat. Thin wiry stems. **Large 20c**

ROYAL ROBES (354 Lins) Very ruffled velvety dark red. **Medium 2 for 25c, Small 4 for 25c**

SKALAWAG (242 Butt) Early blooming rich deep salmon with yellow lip and peppered throat. Excellent plants. This sounds like an ordinary description but this is one of the best miniatures. **Large 25c, Small 2 for 20c**

SPRITE (320 Palmer) Clean light golden orange, very ruffled and one of the really beautiful small glads. **Large 2 for 30c**

STATUETTE (213 Butt) Ruffled yellow with purple stippling in the throat. **Large 2 for 30c, Medium 2 for 25c**

TOYTOWN (224 Butt) This, in our opinion, is the most beautiful and useful of the small glads. The heavily ruffled, brilliant orange scarlet, lighter throated, wide open florets are always perfectly placed on thin wiry stems. Our last year's lengthy appraisal of this beauty, still stands. Although we had a good supply, we could have used more bloom of TOYTOWN. Arrangements composed of TOYTOWN and GRETCHEN, were enthusiastically bought at our flower shop. The bulbs are healthy and the bulblets grow well. A good stock enables us to offer this beauty at a bargain price now. **Large 50c, 5 for \$2.00; Medium 35c, 5 for \$1.50**

ST. PAUL (252 Koerner) Brilliant red. Most bloom have sharply lacinated narrow petals. **Large 2 for 30c, Medium 3 for 30c**

WHITE SATIN (100 Koerner) The best face-up white miniature. Florists use large quantities of WHITE SATIN in bridal bouquets and other arrangements. Face-ups are easy to use in arrangements as, no matter which way you place them, the bloom looks right at you. **Large 2 for 25c, 10 for 1.00; Medium 3 for 25c, 10 for 65c**

WHITE SPORT OF WEDGEWOOD (300 Lins) A ruffled pure white sport or mutation of WEDGEWOOD, discovered among our plants, several years ago. This is nice and tall and is a good grower and propagator. NOT A SEEDLING. Most of our stock consists of small bulbs but we will include the large and medium bulbs of this in the first orders. **Mixed sizes 5 for \$1.00; Bts. 25 for 50c, 100 for \$1.00**

FRAGRANT GLADS

COLOGNE (344 Roberts) This would be a nice scarlet pink glad, even without fragrance but it is also fragrant, most pronounced in the morning. **Medium 30c**

PINK FRAGRANCE (440 Spencer) Very fragrant, ruffled light salmon pink with deeper blotch. Good straight plants with flower heads well above the foliage, thus making it a good cutter. **Large 60c, Medium 40c**

SWEETIE (251 Spencer) Bright red with white throat. Very showy and very fragrant. **Small 20c; Bts 3 for 25c.**

THIS IS IT (482 Spencer) Fragrant ruffled pure pink. This is in great demand and the supply is small this year. **Mixed sizes, 2 for 40c**

YELLOW ROSE (413 Spencer) A beautiful yellow which sometimes looks like a semi double yellow rose. Said to be the most fragrant variety. **Large 60c**

WHITE TOWER

Whites

WHITE TOWER (501 Lins) Large pure white with vivid pink blotch. Can produce a tall plant with a long flower head with 6-8 open bloom. One of the small number of varieties, placed on the NAGC recommended list.

Large 20c, 5 for 80c; Medium 2 for 30c

ALBESCA (300 Armstrong) Ruffled pure white, green deep in the throat. Opens 6 on a four ft. spike with a good flower head.

L 2 for 30c; M 3 for 25c; S 5 for 30c; Bts. 50 for 25c.

ARES (301 K & M) Creamy amber white with red blotch. Wide open bloom and makes good plants with long flower heads with 6-8 open. A good variety.

Large 25c, Small 2 for 20c

FLORENCE NIGHTINGALE (400 Harris) Tall straight plants with long flower heads. Pure white wide open heavy textured bloom. One of the best all purpose whites.

Testimonials

You certainly have a grand glad in SWEETEST MAID. My registration file shows it as showing color in 5 buds. I have a SWEETEST MAID in our kitchen with the first two gorgeous florets open and 10 in color. You certainly were conservative in both your registration and the catalog description. It should rate 4 or 5 A's in my estimation. Lewisburg Floral Gardens, Ohio.

- MIGHTY MONARCH** (552 Butt) One of the strongest growing reds. Flower heads a yard long. Opens 7 large bloom with many buds in color. A grand red. **L 20c.**
- MRS. R. G. ERREY** (554 Errey) Large black red from Australia. One of the best. **L 2 for 30c; M 3 for 30c.**
- ROYAL TREAT** (452 Lins) Ruffled deep red. **L 2 for 30c; M 3 for 30c.**
- RUFFLED EBONY** (454 Fischer) Ruffled deep maroon. One of our favorites. **L 20c.**
- THUNDERBOLT** (454 Pierce) Deep rose red with darker throat. A good dark red with sparkle and finish. Opens 6 to 7 on good plants. **L 25c; M 20c.**

Scarlets and Reds

- AMAPOLA** (450 Lins) Large clean bright red. Opens 7 to 8 well placed bloom on 52" plants with 18 bud heads. **L 2 for 35c; M 2 for 25c.**
- BEACON** (437 Palmer) Bright red with yellow throat. Rugged plants. **L 2 for 25c; M 3 for 25c.**
- BOSTON** (350 K&M) One of Pfitzer's butterfly type. 6 to 8 bright red bloom on an 18 bud head. **M 20c; S 3 for 25c; Bts. 20 for 25c.**
- CARNIVAL** (437 Butt) Ruffled red with white throat. **M 3 for 25c.**
- FLAME GIRL** (536 Lins) Stock held for propagation.
- HARRISBURGER** (532 Mikle) A marvelous cherry red. Nothing else like it. Opens 8 huge perfect bloom on a big plant. Plant early to hit the early shows. **L 35c; M 25c, 5 for \$1.00; S 2 for 30c, 5 for 60c; Bts. 10 for 25c, 50 for \$1.00.**
- KENWOOD** (450 Lins) Large pure Christmas red without marking. **L 2 for 30c; M 3 for 25c.**
- POINSETTIA** (450 Johnson) Bright poinsettia red. **L 2 for 30c; M 3 for 25c; S 5/30c.**
- RED RADIANCE** (450 Melk) Pure bright red. Opens 8 well placed bloom on 20 bud flower heads on tall plants. Good outflower. **L 25c; S 3 for 25c.**
- RED TAPE** (536 Butt) Large clean red with slightly deeper throat. Opens 8 5½" heavy textured bloom on tall rugged plants. One of the best reds and a consistent producer of good spikes. **L 25c; M 20c; S 2 for 20c;**
- RHETT BUTLER** (436 Kuhn) Very early brilliant bright scarlet red. Nothing else around early in the season, as bright and good as this. **L 2 for 30c; M 2 for 20c.**
- SCARLET GLORY** (437 Dean) Bright scarlet red with a yellow throat. **M 2 for 20c.**
- VALERIA** (436 Pruitt) One of the very best reds. Practically foolproof. Makes big spikes with long flower heads. Color is a fine soft red. Is grown by the millions for cutflowers. **L 2 for 25c, 10 for \$1.00; M 3 for 25c, 10 for 65c.**

BELTRAMI

Smoky and Unusual Colors

ALLAH (491 Harris) Huge ruffled deep smoky purple brown. Opens 8 with 6 in color on 18 bud flower heads on tall plants. **L 50c.**

BELTRAMI (480 Lins) Ruffled and fluted brown to rose mulberry. **M 3 for 25c.**

BRONZE KING (582 Rich) Large smooth smoky bronze with bright red blotch. Opens 8 on a tall strong plant. Excellent performer. **L 20c; M 2 for 30c.**

BUCKEYE BRONZE (490 Wilson) Very popular copper bronze. **L 2 for 25c, 10 for \$1.00; M 3 for 25c, 10 for 65c; S 10 for 35c.**

BUSHFIRE (583 Pupich) Smoke and fire describes this unusual smoky. **L 2 for 30c; M 3 for 30c.**

CALEIDOSCOPE (490) Just about the oddest color combination imaginable. Yellow, salmon and brown, with brown spots all over the flower. A real novelty. **L 30c; M 20c; S 15c.**

CATHERINE (542 Both) Large round smoky salmon, flecked slate. Can open 8 on 21 bud spike. **S 2 for 20c.**

CHARLOTTE ANN (490 Lins) Ruffled deep brown with a small ruby blotch. Good straight plants. **L 2 for 25c, 10 for \$1.00; M 3 for 25c, 10 for 75c.**

CHARTREUSE (490 Rohrbach) Very lovely chartreuse green yellow. Opens 6 to 8 on 18 bud flower heads on 4½ ft. plants. Florists like this chartreuse ruffled glad. **M 20c.**

CHEROKEE (590 Snyder) Distinctive velvety shade of bronze with flame blotch. Opens 7 5½" beautifully formed bloom on 20 bud flower heads on tall plants. American Home Medal winner. **L 75c; M 50c; Bts. 10 for 50c.**

CHOCTAW (491 Wilson) Light chocolate with orange red blotch. A very distinctive and striking color combination. Tall strong grower and opens up to 10. **L 2 for 30c; M 3 for 30c.**

COPPER LUSTRE (580 Pazderski) Large rosy brown, shading to light brown center and a red throat. Makes a grand flower head with 8 to 5½" heavily ruffled bloom. **L 25c; M 20c; Bts. 10 for 25c.**

DUSTY MILLER (486 Elliott) Smoky old rose with cream lines. **L 2 for 25c.**

GREEN LIGHT — Definitely a chartreuse yellow, or green yellow. Builds a substantial spike and should be valuable in breeding for the "green" glads of the future. **M 35c, 5 for \$1.40.**

GREEN MEADOW (490 Australia) This import is very scarce and we have only a limited amount to offer this year. Color is cool chartreuse cream, is ruffled and makes a good plant. **M 95c.**

LEPRECHAUN (490 Saveleif) Chartreuse yellow. Opens 6 to 8 with plenty in color to make a good looking cut spike. **L 35c; M 25c; S 2 for 25c; Bts. 15 for 25c.**

MAGIC BEAUTY (490 Europe) A new smoky and a real novelty color combination. Grey smoky with a contrasting purple red blotch. Makes a perfect spike with large well formed flowers. **L 50c; M 35c; S 20c.**

SMOKY AND UNUSUAL COLORS continued—

- MRS. M. RAYWARD** (583) A real exhibition glad from Australia. Opens 8 well placed 5½" wide open bloom on 50" spikes. Color is a beautiful combination of salmon and smoky lavender, like the colors of the clouds sometimes at sunset. Scarce. **L 45c; M 35c.**
- OKINAWA** (381 Loar) A perfect show spike with an excellent color combination. Opens 8 perfectly placed, heavy textured bloom on a perfect plant. The color combination is deep tan brown, splashed deep slate purple plus a flashy velvet maroon blotch. Florets are flat, wide open. Last summer all our spikes of this were about perfect. Our present stock was developed from one perfect specimen. Okinawa is classed 381 but our strain rates 481. **L or M 35c.**
- OKLAHOMA** (386 Wilson) A beautiful, ruffled grey lavender with light throat. Very refined. This is one, so-called "smoky" even florists like. **L 2 for 25c; M 3 for 25c.**
- PIRATE CACHE** (482 Wilson) Colorful chocolate old rose with a big yellow blotch. Florets are wide open, ruffled and fluted. Opens 6 on a 20 bud head. Grows 55" tall. **M 50c.**
- PRAIRIE BLAZE** (482 Wilson) Burnt orange with a maroon orange blotch. Heavily ruffled and fluted. 7 to 8 open on an 18 bud head on 55" plant. **M 50c.**
- PRUNELLA** (580 Stringer) Certainly one of the best performing and best looking large, so-called smokies. Opens 7 large, perfectly placed florets on a 20 bud head on 5 ft. strong straight plants. The color of the large heavy textured bloom is plum brown with a large deep yellow blotch. An easy grower and a good propagator. Good in every way. **L 40c; M 30c; S 20c; Bts. 8 for 25c**
- ROBINSON CRUSOE** (490 Lins) Nothing else like this unusual glad. The base color is tan, heavily marbled chocolate. Hardly any two are exactly alike. In some the tan color predominates while in others chocolate is the predominating color. For something entirely different try this. **L 25c, 5 for \$1.00; M 20c, 5 for 80c.**
- STORM TERROR** (582 Wilson) A grand dark smoky orange with a cream blotch. Opens 9 5½" bloom on a 21 bud flower head on 52" plant. **L 25c; M 20c.**
- STORMY WEATHER** (480 Barrett) Grey salmon and pink blend with a lighter throat. **L 2 for 25c; M 3 for 25c.**
- TAN GLOW** (480 Arenius) An outstanding clear pastel tan with rosy tints. Opens 8 5" bloom on a 22 bud flower head. A strong healthy grower and has many prizes. We had this bloom in good quantity and all spikes were good. **M 35c; S 25c, 5 for \$1.00; Bts. 6 for 25c, 10 for 40c.**
- THE ROAN** (590 Pruitt) Large chestnut red with fine white lines all over the petals. The name describes the general color effect. **M 3 for 25c.**
- TUNIAS ARISTOCRAT** (585 Both) Giant blossoms of a smoky plum grey shade with a mild red blotch. **L 25c; M 20c.**
- TUNIAS MAHOMET** (582 Both) Very large heavy textured bloom of a smooth mild rosy gray shade with a contrasting red blotch. Strong grower. **L 25c.**
- VOO DUN IT** (490 Kadel) The large flowers are ruffled and needlepointed. The color is brown, gradually blending to tan. Has a yellow throat with brown stippling over the yellow. We like this color combination. **L 40c; M 30c; S 2 for 35c.**
- WAHOO** (582 Wilson) Giant smoky orange with large extremely vivid orange blotch. Opens 10 6" florets on a long head on 55" plants. **M 20c.**

Testimonials

The past spring I bought my bulbs from you and wish at this time to thank you for some beautiful and wonderful glads. Their beauty drew many favorable comments. I have grown glads for years but yours were some of the best. D. E. Puckett, Ohio.

TREASURE CHEST

This unlabeled collection, in many colors and types, is popular with our customers, who don't want to bother growing their glads under name but who do want nice glads. If these varieties were bought under name they would cost considerably more. Many varieties included are obtainable only from us. Demand for these Treasure Chest collections is increasing each year. People are surprised they get such lovely flowers at such a low price. A wonderful value.

DARK COLORED COLLECTION

We are again offering this dark colored collection because many people do not care for white or light pastel shades. This unlabeled collection consists of the darker shades, including some lovely ruffled velvety reds and maroons, worth many times the price at which they can be had in this collection. SEEDLINGS

We grow thousands of seedlings each year, produced from hand pollenized crosses, using the best breeding stock available. Because we have a new lot of seedlings coming on each year, which must be planted and checked at blooming time, we must make selections from the first blooming. If we would grow them again, we would undoubtedly find as many good ones in the second blooming as we did in the first blooming. Therefore there are many wonderful seedlings in our 4X mixture. At digging time we take out the very small percentage tagged for future consideration, all the rest are lifted and mixed together in one grand 4X mixture.

We know the seedling bulbs we offer will give those, fortunate enough to get in on them, much pleasure. Growing these seedlings is fun. You never know what will show up. Some tell us, that when the seedlings come into bloom, they get up early each morning, to see what opened up during the night. If you find one you would like to name, which it not at all unlikely, that seedling is your property, to do with as you please.

Giant Delphinium Hybrids

Pacific Strain (Vetterle and Reinelt)

The best in Delphinium, producing giant spikes with large round double bloom. We supply good young pot grown plants with soil on the roots. Arrival in good growing condition assured.

Young plants give far better results than older clumps. These young plants grow rapidly after being set out and will produce good flowers this year and even larger spikes the following year.

ASTOLAT A new creation ranging in color from pale blush through lilac to deep rose.

BLACK KNIGHT Darkest violet maroon. Velvety 2½" round bloom.

GALAHAD Giant round double white, often 3" across.

KING ARTHUR Large royal purple with white bees.

SUMMER SKIES Heavenly blue of a summer sky with large white bees representing fleecy clouds.

These Delphinium are easy to grow perennial. If you want tall stately flowers order these.

NEW! Giant Ruffled

Tuberous Begonia Hybrids

From VETTERLE and REINELT, California. World's leading Tuberous Begonia and Delphinium breeders.

Most begonia lovers now have the old style plain petaled Camelia type begonias. Vetterle and Reinelt have now perfected a new strain of RUFFLED GIANTS, by interbreeding the best forms of the Camelia and Fimbriata type. This group has reached perfection of new forms, sometimes resembling the Camellia type, or at times the huge Fimbriata. For beauty and variation, they surpass all other types.

These new ruffled beauties are as great an advance in begonias, as are the new ruffled gladiolus, improvements over the old plain petaled glads. This new type requires the same culture as other begonias, plant them where they are protected against the hot noonday sun, in rich loose soil. The tuberous begonias we offer this season are the best available today. Besides the Ruffled Giants, we also offer RED PICOTEE, a two toned color, white with red picotee petal edges.

NEW GIANT RUFFLED: White, Scarlet, Yellow, Dark Salmon, Red Picotee.

PEONIES

MARCELLA

The peonies we offer are not the ordinary common cheap run of the mill varieties, but are the best available today. Most have received the AMERICAN HOME ACHIEVEMENT MEDAL or similar honors. They not only have beautiful bloom with a charm all their own, but most have stiff stems to hold them off the ground. These famous peonies are fit to grace the finest estate. At the 1956 Minnesota State Peony Show, Lins originations won, against all comers, 4 DOUBLE COLOR CHAMPION AWARDS, out of the 5 possible. In class 100B, 5 Lins varieties won the SILVER MEDAL. GARDENIA was the GRAND CHAMPION of the show. Nothing better in peonies to be had.

We have roots in storage for early spring planting. For fall planting, shipment in September. Suggest ordering as early as possible NOW.

BLUE ROSE (Lins 1957) NEW. A very large full double bluish rose. This peony carries more blue color than any peony we know of. Stems are not as strong as most other Lins introductions. Has a strong sweet rose fragrance. We had only a few established plants of this. Visitors always admired this peony, referring to it as the "BLUE PEONY" and wanted to buy a division of it. Not available before fall, 1957. — \$10.00

BURMA (Lins) Beautifully formed double deep red. Has won highest honors on the show table and is also a good garden flower. Until the plant is fully established the bloom is a beautiful semi-double with golden stamens. Was Champion red again in 1956. — \$3.95

CASABLANCA (Lins) The giant full double white with perfect form and substance. Extra heavy stems hold the giant bloom erect. Buds as big as door knobs. An adventure in peony growing. A peony you will be proud to own. — \$5.95

DOLORODELL (Lins) Another full double giant in a grand shade of rich vivid salmon pink. Does not fade in the sun. Heavy stems hold the giant bloom erect. One of the grandest peonies in existence. AMERICAN HOME ACHIEVEMENT MEDAL WINNER and CHAMPION LIGHT PINK in 1956. — \$4.95

PEONIES continued—

- ENSIGN MORIARTY** (Lins) Giant full double dark pink with heavy stems. Was Champion dark pink many times and again in 1956. To win the champion award repeatedly a peony has to be good. This belongs in every good collection. Plant one early this spring and gain a year's time. — **\$5.95**
- FESTIVAL QUEEN** (Lins) A new double yellow with a pure white collar and a pure white crown. A good plant with low foliage. — **\$4.95**
- GARDENIA** (Lins) A very large double bloom, formed like a Gardenia. Cut and opened inside, the color is blush. Opened on the plant it is white. One of the grandest peonies, which we recommend highly. Good strong stems hold the large bloom erect. Was Champ flesh many times and again in 1956. **GRAND CHAMPION** of the show in 1956. A must in any collection of fine peonies. — **\$3.95**
- KING MIDAS** (Lins) The most beautifully formed full double red peony. Looks like a bright red rose. Was awarded the **AMERICAN HOME ACHIEVEMENT MEDAL** on account of it's perfect rose form. Some petals have a touch of gold on petal edges. A model of perfection plant. Usually produces beautiful bloom the first year, even from early spring planting. An established plant is loaded with beautiful bloom each season. — **\$3.95**
- MANDALEEN** (Lins) A very large full double rich baby pink of perfect rose form. Has a very strong sweet rose fragrance. Considered one of the best garden peonies and highly regarded by experts. — **\$3.95**
- MAUNA LOA** (Lins 1957) **NEW**. A very large flat full double rosy red, rather loosely built. Long willowy but adequate stems. Will make a good cut-flower. — **\$10.00**
- MARCELLA** (Lins) Medium sized full double white with strong stems. The substance is so heavy and the bloom so fully double that a dozen bloom of Marcella have surprising weight. A perfect plant loaded with lovely bloom every year. **AMERICAN HOME ACHIEVEMENT MEDAL WINNER**. — **\$4.95**
- PAUL BUNYAN** (Lins 1957) **NEW**. A very large full double beautifully formed, deep flame rose pink. First shown as a seedling in 1955. Was awarded the **American HOME ACHIEVEMENT MEDAL**. The experts agree this is an outstanding new peony, in fact some neutral experts felt it was the best flower in the show. This is a new peony and in limited supply. Not available before fall 1957. — **\$20.00**
- RAMONA LINS** (Lins) This, according to experts, is an all time great. One of the world's best peonies. The bloom is very large, full, double, and beautifully formed. The strong stems hold the great flower erect. The color is exquisite pale ivory blush with Solange undertones. An absolute must have in any collection. — **\$5.95**
- RED CHARM** (Glascok) A full double bright red **HYBRID PEONY**. Blooms a week earlier than other peonies. Hybrid peony roots are formed almost like a dahlia tuber. A good tuber or root with one or two eyes or buds is considered a good division. — **\$12.00**
- ROSE UNIQUE** (Lins) Tall double dark rose. A sister seedling of Tondeleyo but a few shades deeper into rose. A rugged peony that can take wind and weather. — **\$4.95**
- OLD LACE** (Lins) A tall plant with willowy but adequate stems, each crowned with a great flat, double, perfectly formed bloom, composed of precisely arranged narrow petals, radiating from the center. Opens blush pink changing to blush ivory in the sun. A very beautiful peony. — **\$3.95**
- TONDELEYO** (Lins) A large full double, non-fading flame pink with unusual fire and brilliance. Long strong stems hold the beautiful bloom erect. A gorgeous peony we recommend highly. — **\$3.95**
- TULAGI** (Lins) The perfect landscape and garden peony. Tall perfect plants with good foliage way down. Is a beautiful plant even when not in bloom. In June it is loaded with large red saucerlike bloom with a center of red, smaller petals. One of the best **JAPANESE TYPE** reds. Makes a great show in the garden. — **\$3.95**

Testimonials

WHITE TOWER was beautiful and one of our favorites. Edwin E. Pike, Mich.

Have always had good luck with your bulbs. Mrs. Richard P. Kreutzer, Kans.

SWEETEST MAID bloomed for me last year and I liked it very much. At present and as long as it does well, it is one of my top favorites. M. Wight, Taylor, N. J.

Just a word of thanks. Received my glad bulbs, all OK. Very much pleased. I never saw any nicer, clean, high crowned bulbs. Also thanks for the extras. Leonard L. Evans, Mass.

Received the glad bulbs. Thanks for the extras. I will be sure and recommend you to my friends. John Weching, Jr., Miss.

Just a note to say I really liked the way you had your catalog this year and of course have always been well pleased with your bulbs. Grace Cunningham, Minn.

Had four entries at the flower show and won 3 firsts and one second. Of course my bulbs came from LINS. Mrs. W. Armstrong, Minn.

I received my glad order from you today, in perfect condition. The bulbs you sent look very excellent and I do appreciate your generosity in sending so many extras. Mrs. H. G. Anderson, Minn.

Thanks for the prompt way you handled my order and a big thanks for the extras. Now I have so much to look forward to. The bulbs were nice too. Mrs. F. M. Clark, Vancouver, Wash.

The Delphenium plants arrived; they look very thrifty. I thought they were very well packaged and if they don't grow it surely isn't your fault. I was real pleased at their healthy condition. Thanks for the extras you included. I'll certainly speak a good word for you. Mrs. R. A. Brundage, Ohio.

I received my glad bulbs from you and they are really nice. Mrs. Theo. Stelter, Colorado.

Please send me your catalog. I borrowed your catalog from a friend, who has beautiful glads from your farm. Mrs. Dewey Holcomb, Wash.

DREAM QUEEN grew a spike over 5 ft. tall and I certainly intend to have more SWEETEST MAID next year; it is just lovely. Mrs. Vincent Mousel, Wisc.

I would like to have your catalog. My friend purchased glads from you and they are just beautiful. Mrs. John E. Nord, Minn.

I entered spikes from your bulbs at our county fair glad show and I won SWEEPSTAKES with them. Mrs. Al Grasmoen, Ariz.

I received my bulbs and was very surprised and pleased with all the extras. Thank you so much; you were very generous. Mrs. V. Rife, N. Dak.
